

President's Message

Dear BAGC Members,

I wish you all a happy, healthy and prosperous 2010. Our Executive Committee has already started working hard to provide you with enjoyable religious and cultural events that promote Bengali culture and heritage. 2010 Executive Committee, like any other previous committees, will try its best to serve the Bengali community – you have our promise and dedication. But we need your help, participation and cooperation to have a smooth enjoyable year.

Perhaps you have all heard of the unfortunate incidents that occurred during 2009 Durga Puja and Kali Puja involving smoking in the school premises, damage to the school property and playing with the fire alarms. We as a community need to make sure that those incidents are NOT repeated in the future. 2010 Executive Committee has taken a number of actions to prevent such incidents. We will have uniformed Security Guards during our events to patrol in the school grounds. We hope and expect that everyone will obey all the appropriate Governmental and school regulations.

Saraswati Puja, the first event of the year, will be held on January 23, 2010 at Streamwood High School. I sincerely hope that you and your family will join us to celebrate the puja. I have complete faith in our community, and with everyone's help we will make this year a memorable one.

Sincerely,
Dipak Ghosh
