**TANUSREE
SHANKAR
DANCE COMPANY**

at **2007 Durga Puja**

Internationally famed dancer Tanusree Shankar trained under Amala Shankar, wife of the legendary Uday Shankar. She has since then developed a unique style of choreography of her own, based on classical styles blended with contemporary forms, and jiving on the world-class fusion music composed by her husband the late Ananda Shankar, with his unique and innovative style.

Tanusree is the principal choreographer for the Tanusree Shankar Dance Company and bases her compositions on the Shankar Technique of New Age Dance. Her lyrical grace and mobility are not shackled by the restraints of the conventional and the classical. The exotic, the ecstatic and the ethereal are her sources of inspiration. Based on the creative style pioneered by the late Uday Shankar, Tanusree has developed a kind of choreography where the dances are presented in a theatrical manner, to reach out to audiences worldwide. Having choreographed numerous ballets as well as items for various conferences, festivals, major events, fashion shows and films, Tanusree has established herself as a leading choreographer with her dance troupe which she has toured extensively to more than 35 countries.
